

**Western Canada High School**  
**Student Parking Contract (2021 - 2022)**

**Terms and Conditions:**

**Student parking passes are available in the main office for grade 11 and 12 students.**

The student parking lot is accessed at the southeast corner of the school, located directly behind the main gymnasium. All other parking lots are reserved for staff. **Students' cars parked in staff spots, fire lanes or undesignated stalls will be ticketed and towed away without warning.** This has been communicated to both students and their parents or guardians through this contract signed by all parties at the beginning of the school year when students received their parking passes. Students must ensure that their current year parking tags are visible at all times when using the student parking lot to prevent towing. If they forget their parking tag, students will not be permitted to park in the lot and the main office will not issue a day pass or note. If a student loses their parking tag they will be charged a \$10 administrative fee for a new one. Students who drive in a reckless manner will have their parking privileges revoked. Students are requested not to congregate in vehicles or in the parking lot during class times.

**\*\* Please be aware that a student parking tag does not guarantee a parking spot. Student parking spots are on a first come first served basis.**

This Student Parking Contract is valid from \_\_\_\_\_ (today's date) until June 30th, 2022.

I, \_\_\_\_\_, (print student name) agree to all of the outlined terms and conditions and understand that **my car will be towed without warning** should I violate any of these conditions including parking in staff parking, fire lanes or undesignated stalls. I also agree to cover all costs associated with towing and retrieving my vehicle and understand that I will have my parking tag revoked and lose my opportunity to use student parking for the remainder of the year.

**All student parking is on a first come – first served basis.**
