

Sunship Earth | 2019-2020

Cost per student: \$308 + GST = \$323.40 payable to the school

Fees includes accommodation, meals and snacks, program supplies, staffing, and transportation for Calgary-area students. Schools may choose to add an additional fee for craft supplies or other items. Due to food and staffing costs, we cannot offer refunds or reduced fees for students who must arrive late or leave early during a week of program.

Sunship Earth is a program designed to immerse students in the natural world, and learn about 7 scientific concepts that are key to a healthy ecosystem, i.e., Energy Flow, Cycles, Diversity, Change, Interrelationships, Community, and Adaptations. Most of the activities take place on three concept trails, each with several activities that relate back to the core scientific concepts.

Below is an example of a typical Sunship Earth program visit.

	DAY ONE	DAY TWO	DAY THREE	DAY FOUR
7:00		WAKE-UP	WAKE-UP	WAKE-UP
